

Garden Club of Annapolis (GCA) May 2013 Report

Eight ladies enjoyed the May outing to Longwood Gardens in Kennet Square Pa. and the specially arranged lecture on blue birds by Richard Geis on his property near the gardens. Mr. Geis, a volunteer at Longwood Gardens, gave a tour of his 7 acres of blue bird habitat and talked about blue birds and their needs. Happily, blue birds were spotted and members got to see his delightful green garden-topped blue bird houses in the fields. His special blue bird houses are for sale at Longwood Gardens. Afterwards the eight ladies had lunch at Longwood and enjoyed strolling the gardens.

The following financial report was submitted for the 2013 May Fair and the charitable donations made from the proceeds
